GOALS AND GUIDING PRINCIPLES

The chief aim of this document is to provide guidance for establishing a new trail marking system on Gambier Island, with a particular eye to:

- Creating a trail standards manual and master plan
- Registering trails
- Classifying trails according to usage
- Marking trails and establishing a consistent signage system, including colour coding
- Establishing a rating or difficulty system
- Incorporating disclaimer/warning signage at key trail junctions
- Enabling trail users to access different hikes from various departure points around Gambier Island
- Determining and implementing a trail maintenance scheme
- Establishing and maintaining a kayak/canoe trail
- Campsite establishment and maintenance
- Creating a geocaching network linked to the Gambier Island trail network
